

# NAPLES PIZZA TRUCK & CATERING

# WOOD FIRED PIZZA TRUCK

*Let our pizza truck make your next party a huge success.* We hand make a thin crust pizza using only Grande Cheese, homemade sauce and high quality toppings. Our pizza is then cooked to deliciously crisp perfection in our 900-degree wood fired oven in about 2 minutes. We start by making a variety of pizzas and then encourage requests as the party goes on. There is no limit of pizzas at the party so you never have to worry about running out of food. Fresh salads include a caesar and spinach, red onion, strawberry and almond salad served in a buffet style.

After about two hours of pizza and salad, we will switch to dessert. Dessert includes cannoli, Nutella pizza and chocolate, vanilla, lemon gelato. We come with everything we need to have a successful party. We supply plain white paper goods and utensils and remove our own garbage. We do not usually supply soft drinks but can do so if prior arrangements are made for an added fee.

We are entirely self-contained with our own electricity and water. Party times are either lunch or dinner and can vary slightly. If it is raining on the day of your party we are still able to make pizza and provide a covered buffet area. In the event of inclement weather that we are not able to make pizza, we can make you another menu that can be prepared at our restaurant, or when possible, we will change to another day based on availability.

We do require a level area about 20 x 20 that can be accessed by our trucks. Because of the large commercial brick ovens that we use, our trucks are extremely heavy and cannot drive over septic fields. We will park on grass as long as it is dry and level, but we may leave tire marks.
